

COLLEGE OF HEALTH AND WELLNESS

HEALTH CARE ADMINISTRATION

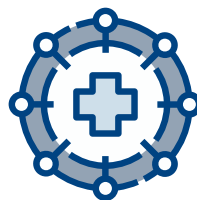

DID YOU KNOW?

This program is designed for students interested in being the next generation of leaders in health care. Students engage in coursework across disciplines including public health, business, economics, and communications. As global citizens, students in this program have the goal of learning how to deliver culturally competent health care in the most appropriate setting.

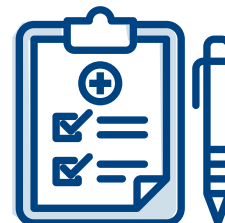

JOB OUTLOOK

Health Care Administration is one of the fastest growing areas in the United States with **job growth projected at 14.3%**. Additionally, **the median pay for bachelors level employees in this sector is \$84,700**

SPECIAL COURSES

Introduction to the US Health Care System

Health Care Quality Management and Improvement

Financial Management in Health care

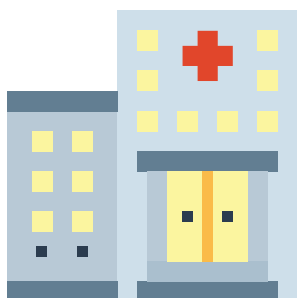

Health Marketing and Communication Strategies

WHAT MAKES JWU'S HCA PROGRAM DIFFERENT?

- Provides students with a solid foundation in public health principles
- Other programs typically offer one public health course and some broad based business courses. Our students will have in-depth exposure in both areas.
- Our curriculum includes a significant number of data courses, which is a skillset that all health care organizations are looking for.
- Mandatory internship

CAREER POSSIBILITIES

Students graduating with a degree in health care administration can work in:

- clinical settings
- hospitals
- nursing homes
- health insurance companies
- health marketing and communication
- consulting
- state/federal government
- non-profit agencies.
