

The FAFSA: the most important financial aid form you'll ever fill out

The Free Application for Federal Student Aid, or FAFSA, is used by colleges and the federal government to determine your eligibility for grants, need-based scholarships, loans and workstudy programs. The FAFSA will be available for Fall 2024 enrollment in December 2023, and the sooner you submit it, the more aid will be available to you. Each school and some states have their own priority deadlines as well. You can [look up your state's deadline here](#).

Get Ready!

Filing the FAFSA isn't as complicated or time-consuming as it sounds — a little preparation will help make the process go smoothly. Use [this worksheet](#) to get a sneak preview of what the form looks like and what questions it asks.

Before you can submit your FAFSA, you'll need to [create your FSA ID](#). You'll need this Federal Student Aid (FSA) ID to log in to your account, sign the FAFSA and make changes or add schools. You and your parent must create separate FSA IDs.

Get Help

Don't worry about getting stuck while you're filling out the FAFSA — lots of help is available, starting with JWU's Student Financial Services teams. We're here to help you with any questions you have at any step of the process! Email our [Providence](#) or [Charlotte](#) teams or call us at 401-598-1468.

On the FAFSA app and website, there are tooltips next to each question, [detailed help pages](#) and a chat option. There's also an 800 number to call (1-800-4FED-AID).

The FAFSA even has its own YouTube channel! [Check it out](#) for step-by-step instructions on creating an FSA ID, filling out the form, understanding different types of aid and more.

Get Filing!

Here's a checklist of everything you and your parent or guardian need to fill out, sign and submit the FAFSA:

- An [FSA ID](#). Your FSA ID allows you to log in to your account, sign the FAFSA and make changes or add schools.
- You and your parent or guardian must create separate FSA IDs. Create this first!
- Your and your parent's or guardian's Social Security or Alien Registration number. Here's what to do if your parent [doesn't have a Social Security number](#).
- Driver's license (if you have one).
- Bank statement.
- If applicable, other records of money earned and records of investments and untaxed income.

Don't worry if you can't find these materials right away; you can start the FAFSA and come back as many times as you need to update information or add schools. The important thing is for you and your parent(s) or guardian to get started!

Get the Real Story!

There's a lot of misinformation about filing the FAFSA. It's important you know the truth so you can take this critical first step in getting the money you need to attend college.

Fiction

I need a computer to file the FAFSA.

Fact

You don't! You can access StudentAid.gov on a mobile device or request a printout of the FAFSA PDF — in English or Spanish — by calling 1-800-4-FED-AID (1-800-433-3243).

Fiction

I need to pay a fee to file the FAFSA.

Fact

Filing the FAFSA is free — it's right there in the name! Avoid any website or mobile app that requires a payment — that means it isn't the official FAFSA site.

Fiction

It takes a really long time to fill out the FAFSA.

Fact

The average time to complete a FAFSA is only 22-30 minutes. Here's a [worksheet](#) you can use to get an idea of what the form looks like and what information it asks for. There's also lots of help available — even a [FAFSA YouTube channel](#)!

Fiction

The FAFSA asks for a lot of information and I won't be able to find it.

Fact

The information the FAFSA collects includes things you can easily access, like your Social Security number, bank statements and driver's license. Don't worry about tax returns and forms; there's a tool that will pull them in automatically for you! See a [checklist](#) of the information you need to file your FAFSA.

Fiction

I need both parents' information to complete the FAFSA.

Fact

There are many situations when you only need one parent's or guardian's information to complete the FAFSA — and you might not even need that. The FAFSA considers many different family situations, and so will your college's financial aid office. [Learn more about parent involvement](#).

Fiction

I don't need to fill out the FAFSA to receive funding.

Fact

The FAFSA not only enables you to apply for federal grants and low-interest loans, it's also the form that states and individual colleges use to determine your need-based aid. [Check the FAFSA submission deadline for your state here](#).

Fiction

I need to be a U.S. citizen to be eligible for financial aid.

Fact

Students who fall into certain non-citizen statuses are eligible for federal financial aid. [See a list here](#). Your parent's or guardian's citizenship does NOT impact your eligibility. For information on financial aid options for DACA recipients, [click here](#).

Fiction

My family must have filed their tax returns before I can file the FAFSA.

Fact

You can use what's called "prior-prior year" taxes to complete the FAFSA. That means that for the 2024 FAFSA, you could use 2022 tax information.

Get Your Aid!

Once you submit your FAFSA, you'll get a Student Aid Report (SAR), and your information will be shared with the schools you indicated on your FAFSA form.

Here are some key terms you'll see on your SAR and on the financial aid packages you'll receive from the schools you listed on your FAFSA:

Expected Family Contribution (EFC):

The amount that the federal government believes your family can contribute to one year of college. Colleges use this, among other things, to determine financial need.

Cost of Attendance (COA):

An estimate of how much it costs to attend a college. The COA includes the price of tuition and fees, room and board, books and supplies and other expenses associated with attending that school. See the Net Price Calculator below, which includes the COA in its calculations.

Financial need:

The difference between Expected Family Contribution (EFC) and a college's Cost of Attendance (COA).

Net price:

How much it will cost you to attend a college for one year after subtracting your scholarships and grants, loans and work-study from the COA. Estimate it using JWU's Net Price Calculator for the [Providence Campus](#) or [Charlotte Campus](#).

FSA ID:

Your FSA ID is your user name and password to access or correct your FAFSA information online. You and your parent or guardian need separate FSA IDs.

You can contact JWU Student Financial Services in [Providence](#) or [Charlotte](#) anytime you need some help understanding terms like these. For more common terms you'll see throughout the financial aid process, [check out this glossary](#) from the Department of Education.

Student Aid Report (SAR):

This report shows you what data is on your FAFSA, some information about the aid for which you're eligible and your Expected Family Contribution (EFC).

Subsidized loan:

A need-based loan which is interest-free while you're in school.

Unsubsidized loan:

A loan for which you don't have to demonstrate financial need, but on which interest will accrue while you are in school. You are not required to make payments while you are enrolled, but you may choose to do so.

Scholarship/grant:

A monetary gift that doesn't have to be repaid. It is provided by the federal or state government, the institution and/or private organizations. It can be one-time or renewable and can be based on grades, talents or other criteria.

Work-study:

A part-time job for students with financial need. Find out more about our [work-study options](#).
