

## **Memorandum of Understanding between Johnson & Wales University and Barry University**

October 1, 2020

Barry University (BU) and Johnson & Wales University (JWU), both institutions of higher education regionally accredited as recognized by the Council for Higher Education Accreditation (CHEA), agree to enter into the following Memorandum of Understanding (MOU) in order to enable students currently enrolled at JWU (at the Denver or North Miami campus) an opportunity to complete their programs of study and to provide for a smooth and seamless transfer to Barry University. Both BU and JWU understand that the terms enumerated herein should serve as guidelines to foster student success. This MOU is effective on the date signed by both parties.

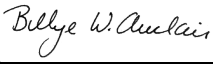

The parties agree to the following:

1. The MOU is contingent on the New England Commission of Higher Education (NECHE) and appropriate governmental approvals.
2. Barry University will offer courses of study toward either a baccalaureate or master's degree for which it is already approved ("Program").
3. Barry University will waive admission application fees for students applying from JWU, irrespective of their mode of application.
4. Barry University will create a microsite that provides fast access to currently enrolled JWU students, although JWU students will not be required to apply through the microsite. Applications completed on the microsite will provide students the opportunity to request that admissions, grades, and financial aid information be sent to Barry University from JWU. Completed forms will be sent to both JWU and Barry University for processing.
5. With the exception of Business School majors in accounting, sport management, finance, international business, management, and marketing, Barry University will accept students who are in good academic (2.0 GPA) and conduct standing at JWU as of the date of the student's application to Barry University. Undergraduate Business majors in accounting, sport management, finance, management, and marketing will be accepted with a minimum GPA of 2.25 or approval of the Dean. Acceptance to the International Business major requires a minimum GPA of 2.7 or approval of the Dean. Acceptance to the Masters in Business Administration program requires a minimum GPA of 3.0 or approval of the Dean. Acceptance to the Master in Sport Management program requires a GPA of 3.0 or approval from the Dean.
6. For any JWU student transferring into Barry University, Barry University will, to the extent possible, match the institutional financial aid awards, if any, granted to the student by JWU during the 2020-2021 academic year and will otherwise endeavor to ensure that no student pays any more in tuition and fees than such student would have paid had such student attended and graduated from JWU. Barry University will award merit-based aid in accordance with Barry University's current award matrix and, to the extent possible, include a JWU grant to ensure that no student pays any more in tuition and fees than such student would have paid had such student attended JWU. Students must submit their award letter for consideration. Additionally, 2021 JWU graduates will also receive a 10% JWU alumni discount if accepted and enrolled in a Barry University graduate program for the 2021-2022 academic year. Other discounts cannot be combined with this offer. Further, as required by NECHE, School will notify students of any additional charges.

7. JWU students who have completed the equivalent of the general education requirements of JWU as reviewed and certified by the Registrar's Office at JWU will not be required to complete Barry University's general education requirements and will be considered to have satisfied all general education requirements at Barry University with the exception of a 3 credit theology course and any program specific course, not taken through the general education curriculum, that is required for program admittance.
8. For each student (a) enrolled in a particular course of study at JWU who (b) seeks to enroll in a comparable Program at Barry University and (c) for which comparable Program the Barry University wishes to accept the student, the parties shall do as follows:
  - a. JWU shall create a document ("Curricular Map") identifying such course of study and all courses required for such course of study at JWU and spaces for Barry University to enter its comparable courses for its comparable Program.
  - b. JWU shall populate all such Curricular Maps into a folder reasonably accessible to Barry University and shall inform Barry University when such Curricular Maps are available.
  - c. On receiving notice that such Curricular Maps are available to it, Barry University shall access the folder containing such Curricular Maps and shall populate each such Curricular Map with its comparable courses for its comparable Program (in other words, comparable to the corresponding JWU student's course of study).
9. Barry University will award transfer credit for coursework completed at JWU contingent upon the student achieving a minimum overall grade point average of 2.0 and a passing grade for all courses.
10. Any JWU student who fails to apply, be accepted, and matriculate at Barry University by the end of August 2021 or such later date than the 2021-2022 academic year commences at Barry University, shall be excluded from this MOU.
11. Barry University shall provide academic support to JWU students transferring to Barry University and shall ensure that JWU students are able to register for the classes they need or authorize appropriate substitute courses.
12. Barry University will provide resources for transferring JWU students to answer questions, to provide advising, and to facilitate course registration (e.g., a website or a special orientation).
13. JWU will announce it has reached an agreement with Barry University and will provide information to students, faculty, staff, parents, guardians, and regulators about the existence of this MOU and the information contained in the MOU.
14. JWU and Barry University will provide direct links between their institutional websites, indicating the existence of this MOU.
15. JWU and Barry University will exchange data and documents that will contribute to the maintenance and improvement of these transfer arrangements and promote effective cooperation between the two institutions. JWU will provide Barry University with admissions, grades, and financial aid data to the extent reasonably possible in compliance with local, state, and federal law and regulations.
16. Barry University will provide housing for those JWU students currently in campus housing for the period such students are enrolled at Barry University fulltime (at the generally applicable cost, payable by the transferring students, and only to the extent such housing is reasonably available).

17. School represents and warrants that it is qualified to teach out JWU students based on the criteria set forth in NECHE's Policy on Teach-Out Plans and Teach Out Agreements ("Revised Policy") attached hereto, and represents and warrants that it satisfies all of requirements set forth in the Revised Policy. Without limiting the generality of the foregoing, School represents and warrants that it is sufficiently financially stable to conduct the teach-out, and none of the conditions set forth in Section I, A-D of the Revised Policy are present, and the institution represents and warrants that it is not "under investigation, subject to an action, or being prosecuted for an issue related to academic quality, misrepresentation, fraud, or other severe matters by a law enforcement agency."
18. The obligations pursuant to this MOU shall terminate when the first of the following obligations have occurred:
- a. All JWU students accepted by School pursuant to this MOU have either graduated from School or failed to be continuously enrolled at School; or
  - b. Four years from the date of this MOU.

IN WITNESS WHEREOF, the parties have executed this MOU on the dates indicated below:
