

**Memorandum of Understanding between
Johnson & Wales University and Metropolitan State University of Denver**

Aug. 12, 2020

Metropolitan State University of Denver ("MSU Denver") and Johnson & Wales University (JWU), both institutions of higher education regionally accredited as recognized by the Council for Higher Education Accreditation (CHEA), agree to enter into the following Memorandum of Understanding (MOU) in order to enable students currently enrolled at JWU (at the Denver or North Miami campus) an opportunity to complete their programs of study and to provide for a smooth and seamless transfer to MSU Denver. Both MSU Denver and JWU understand that the terms enumerated herein should serve as guidelines to foster student success. This MOU is effective on the date signed by both parties.

The parties agree to the following:

1. The MOU is contingent on the New England Commission of Higher Education (NECHE) and appropriate governmental approvals.
2. MSU Denver will offer courses of study toward baccalaureate degrees for which it is already approved ("Program").
3. MSU Denver will waive admission application fees for students applying from JWU, irrespective of their mode of application.
4. MSU Denver will create a microsite that provides fast access to currently enrolled JWU students, although JWU students will not be required to apply through the microsite. Applications completed on the microsite will provide students the opportunity to request that admissions, grades, and financial aid information be sent to MSU Denver from JWU. Completed forms will be sent to both JWU and MSU Denver for processing.
5. MSU Denver will accept students who are in good academic and conduct standing at JWU as of the date of the student's application to the MSU Denver.
6. For any JWU student transferring into MSU Denver, MSU Denver will, to the extent possible, match the institutional financial aid awards, if any, granted to the student by JWU during the 2020-2021 academic year and will otherwise endeavor to ensure that no student pays any more in tuition and fees than such student would have paid had such student attended and graduated from JWU.
7. As required by NECHE, MSU Denver will notify students of any additional charges.
8. JWU students who have completed the equivalent of the general education requirements of JWU as reviewed and certified by the Registrar's Office will be considered to have satisfied all general studies requirements at MSU Denver. Students, however, may be required to take an additional course to meet the non-general studies university Multicultural graduation requirement if no course taken at JWU fulfills this requirement, as determined by a transcript evaluation at MSU Denver. Students may also be required to take additional courses to meet any program requirements or prerequisites at MSU Denver.
 - a. MSU Denver General Studies requirements consist of Written Communication, Oral Communication, Quantitative Literacy, Social and Behavioral Science, Arts and Humanities, Historical, Natural and Physical Science, and Global Diversity requirements.

9. For each student (a) enrolled in a particular course of study at JWU who (b) seeks to enroll in a comparable Program at MSU Denver and (c) for which comparable Program the MSU Denver wishes to accept the student, the parties shall do as follows:
 - a. JWU shall create a document ("Curricular Map") identifying such course of study and all courses required for such course of study at JWU and spaces for MSU Denver to enter its comparable courses for its comparable Program.
 - b. JWU shall populate all such Curricular Maps into a folder reasonably accessible to MSU Denver and shall inform MSU Denver when such Curricular Maps are available.
 - c. On receiving notice that such Curricular Maps are available to it, MSU Denver shall access the folder containing such Curricular Maps and shall populate each such Curricular Map with its comparable courses for its comparable Program (in other words, comparable to the corresponding JWU student's course of study).
10. MSU Denver will award transfer credit for coursework completed at JWU contingent upon the student achieving a minimum overall grade point average of 2.0 and a passing grade of at least a C- for all courses.
11. Any JWU student who fails to apply, be accepted, and matriculate at MSU Denver by the end of August 2021 or such later date that the 2021-2022 academic year commences at MSU Denver, shall be excluded from this MOU.
12. MSU Denver shall provide academic support to JWU students transferring to MSU Denver and shall ensure that JWU students are able to register for the classes they need or authorize appropriate substitute courses.
13. MSU Denver will provide resources for transferring JWU students to answer questions, to provide advising, and to facilitate course registration (e.g., a website or a special orientation).
14. JWU will announce it has reached an agreement with MSU Denver and will provide information to students, faculty, staff, parents, guardians, and regulators about the existence of this MOU and the information contained in the MOU.
15. JWU and MSU Denver will provide direct links between their institutional websites, indicating the existence of this MOU.
16. JWU and MSU Denver will exchange data and documents that will contribute to the maintenance and improvement of these transfer arrangements and promote effective cooperation between the two institutions. JWU will provide MSU Denver with admissions, grades, and financial aid data to the extent reasonably possible in compliance with local, state, and federal law and regulations.
17. MSU Denver will provide housing for those JWU students currently in campus housing for the period such students are enrolled at MSU Denver fulltime (at the generally applicable cost, payable by the transferring students, and only to the extent such housing is reasonably available).
18. MSU Denver represents and warrants that it is qualified to teach out JWU students based on the criteria set forth in NECHE's Policy on Teach-Out Plans and Teach Out Agreements ("Revised Policy") attached hereto, and represents and warrants that satisfies all of requirements set forth in the Revised Policy. Without limiting the generality of the foregoing, School represents and warrants that it is sufficiently financially stable to conduct the teach-out, and none of the conditions set forth in Section I, A-D of the Revised Policy are present, and the institution represents and warrants that it is "not

investigation, subject to an action, or being prosecuted for an issue related to academic quality, misrepresentation, fraud, or other severe matters by a law enforcement agency.”

19. The obligations pursuant to this MOU shall terminate when the first of the following obligations have occurred:

- a. All JWU students accepted by MSU Denver pursuant to this MOU have either graduated from MSU Denver or failed to be continuously enrolled at MSU Denver; or
- b. Four years from the date of this MOU.

IN WITNESS WHEREOF, the parties have executed this MOU on the dates indicated below:
