

Memorandum of Understanding

Between Johnson and Wales University and St. Thomas University

St. Thomas University and Johnson & Wales University (JWU), both institutions of higher education regionally accredited as recognized by the Council for Higher Education Accreditation (CHEA), agree to enter into the following Memorandum of Understanding (MOU) in order to enable undergraduate and graduate students currently enrolled at JWU (at the Denver or North Miami campus) an opportunity to complete their programs of study and to provide for a smooth and seamless transfer to St. Thomas University. Both St. Thomas University and JWU understand that the terms enumerated herein should serve as guidelines to foster student success. This MOU is effective on the date signed by both parties.

The parties agree to the following:

1. The MOU is contingent on the New England Commission of Higher Education (NECHE) and appropriate governmental approvals.
2. St. Thomas University will offer courses of study toward either a baccalaureate or master's degree for which it is already approved ("Program").
3. St. Thomas University will waive admission application fees for students applying from JWU, irrespective of their mode of application.
4. St. Thomas University will create a microsite that provides fast access to currently enrolled JWU students, although JWU students will not be required to apply through the microsite. Applications completed on the microsite will provide students the opportunity to request that admissions, grades, and financial aid information be sent to St. Thomas University from JWU. Completed forms will be sent to both JWU and St. Thomas University for processing.
5. St. Thomas University will accept students who are in good academic and conduct standing at JWU as of August 2020.
6. For any JWU student transferring into St. Thomas University, St. Thomas University will, to the extent possible, match the institutional financial aid awards, if any, granted to the student by JWU during the 2020-2021 academic year and will otherwise endeavor to ensure that no student pays any more in tuition and fees than such student would have paid had such student attended and graduated from JWU.
7. Further, as required by NECHE, St. Thomas University will notify students of any additional charges.
8. JWU students who have completed the equivalent of the general education requirements of JWU as reviewed and certified by the Registrar's Office at JWU will not be required to complete St. Thomas University's general education requirements and will be considered to have satisfied all general education requirements at St. Thomas University.
9. For each student (a) enrolled in a particular course of study at JWU who (b) seeks to enroll in a comparable Program at St. Thomas University and (c) for which comparable Program the St. Thomas University wishes to accept the student, the parties shall do as follows:
 - a. JWU shall create a document ("Curricular Map") identifying such course of study and all courses required for such course of study at JWU and spaces for St. Thomas University to enter its comparable courses for its comparable Program.
 - b. JWU shall populate all such Curricular Maps into a folder reasonably accessible to St. Thomas University and shall inform St. Thomas University when such Curricular Maps are available.

- c. On receiving notice that such Curricular Maps are available to it, St. Thomas University shall access the folder containing such Curricular Maps and shall populate each such Curricular Map with its comparable courses for its comparable Program (in other words, comparable to the corresponding JWU student's course of study).
10. St. Thomas University will award transfer credit for coursework completed at JWU contingent upon the student achieving a minimum overall grade point average of 2.0 and a passing grade for all courses.
11. Any JWU student who fails to apply, be accepted, and matriculate at St. Thomas University by the end of August 2021 or such later date than the 2021-2022 academic year commences at St. Thomas University, shall be excluded from this MOU.
12. JWU students matriculating at St. Thomas University with 18 or fewer semester credits outstanding to meet degree requirements, may choose to receive their degree from either JWU or St. Thomas University. However, students must meet all graduation requirements to earn their degree from St. Thomas University. JWU students matriculating at St. Thomas University with more than 18 semester credits outstanding to meet degree requirements will earn their degrees from St. Thomas University. A student may not earn a degree from both JWU and St. Thomas University. Students choosing to receive the degree from JWU must notify Student Academic Services of their intent by January 2021.
13. St. Thomas University shall provide academic support to JWU students transferring to St. Thomas University and shall ensure that JWU students are able to register for the classes they need or authorize appropriate substitute courses.
14. St. Thomas University will provide a resource for transferring JWU students to answer questions, to provide advising, and to facilitate course registration (e.g., a website or a special orientation).
15. JWU will announce it has reached an agreement with St. Thomas University and will provide information to students, faculty, staff, parents, guardians, and regulators about the existence of this MOU and the information contained in the MOU.
16. JWU and St. Thomas University will provide direct links between their institutional websites, indicating the existence of this MOU.
17. JWU and St. Thomas University will exchange data and documents that will contribute to the maintenance and improvement of these transfer arrangements and promote effective cooperation between the two institutions. JWU will provide St. Thomas University with admissions, grades, and financial aid data to the extent reasonably possible in compliance with local, state, and federal law and regulations.
18. St. Thomas University represents and warrants that it is qualified to teach out JWU students based on the criteria set forth in NECHE's Policy on Teach-Out Plans and Teach Out Agreements ("Revised Policy") attached hereto, and represents and warrants that satisfies all of requirements set forth in the Revised Policy. Without limiting the generality of the foregoing, St. Thomas University represents and warrants that it is sufficiently financially stable to conduct the teach-out, and none of the conditions set forth in Section I, A-D of the Revised Policy are present, and the institution represents and warrants that it is "not investigation, subject to an action, or being prosecuted for an issue related to academic quality, misrepresentation, fraud, or other severe matters by a law enforcement agency."
19. St. Thomas University will provide housing for those JWU students currently in campus housing for 2020-2021 (at the generally applicable cost, payable by the transferring students and to the extent such housing is reasonably available).

20. The obligations pursuant to this MOU shall terminate when the first of the following obligations have occurred:

- a. All JWU students accepted by St. Thomas University pursuant to this MOU have either graduated from St. Thomas University or failed to be continuously enrolled at St. Thomas University; or
- b. Four years from the date of this MOU.

IN WITNESS WHEREOF, the parties have executed this MOU on the dates indicated below:

Billye W. Auclair
